Be careful advertising rally points, infil and exfil plans.

The left will be there and so will the feds and the police.

Building plans and contingency plans are good, but first focus should probably be getting people invested in going and opening multiple lines of communication -- Discord, emails, texts, IRC, ..AOL Instant Messenger 🗨️ ... -- and then spreading through those lines of communication.

If we are treating this as wartime -- and we probably should -- we shouldn't advertise any of our movements to the other side in an easily accessible site

3 Looks like I'm riding with the Minutemen. Since we don't have tea to dump in the harbour this time, can we substitute it with traitors? Maybe a chilly swim will wake them up.
